

CAMCO 39011 STEERABLE FRONT WHEEL KIT

~~\$114.94~~ \$79.99

SKU: CMC39011

FEATURES

The Camco Steerable Wheel Kit for 28 and 36-Gallon Rhino Tote Tanks provides easier tote tank steering and transportation. This easy-to-install kit comes with a tow bar, wheel assembly, ladder hook, and hardware pack. The two steerable, no-flat, 6" front wheels with bearings provide easier maneuverability, help distribute weight evenly, and no longer require you to lift to tow. A sturdy, 24" tow bar allows you to easily roll your tote tank as you would a wagon or cart. The tow bar handle can be connected to a ball hitch on a truck for easier transportation.

- Provides easier steering and transportation of your Rhino Tote Tank
 - Two 6" no-flat front wheels with bearings
